## LESSON NINE

### BANK (2)

BANK

## TYPES OF BANK ACCOUNT

Debit card and credit card

### Bank branches

High street banks (traditional big banks with physical branches **across the country**).

Mobile banking (do transactions **remotely**)

Online banking (manage your bank account online and enjoy more **convenient** banking service).

A debit card links **directly** to your bank account and uses your money for your **purchases**.

What's the credit card **feature**?

When you use credit card you have more time to pay.

You can pay the bills at a later date.

Do you know where is the nearest bank branch?

There is a high street bank near here, but why don't you use mobile banking?

You can use bank services remotely.
